

The Modern Vortex Quilt

Work with pre-cut strips to create this amazing red and white quilt using a simple acrylic template (provided with the pattern). Of course, you can choose ANY COLORS!

Students will strip-piece their fabrics and then cut them into 18 degree wedges using Debby's Dresden Tool. If you've ever wanted to know how to set ANY block on point, this class is for you, with the bonus of using two-color setting triangles.

A true optical illusion quilt!

Supply list with cutting prep is listed on the next page.

The Vortex Quilt - an historic reproduction in red & white
Block Size: 20" Quilt Size: 28" x 28"
Workshop taught by Debby Kratovil

Early 1900s Vortex Quilt

Students will learn:

- Accurate 1/4" piecing
- Working with a dresden plate template
- Invisible machine appliqué using monofilament thread
- Setting a block on point using two colors for setting triangles as shown

Pattern Fee: \$18

... which includes multi-sized 8" dresden template, pattern and clear, illustrated instructions for two quilts. If student owns an 18 degree, multi-sized Dresden tool, the pattern fee is \$10.

The Vortex Quilt

Work with pre-cut strips to create this amazing red and white quilt using a simple acrylic template (provided in the kit). Of course, you can choose ANY COLORS because this is a Bring Your Own Fabric class. Students will strip-piece their fabrics and then cut them into 18 degree wedges using Debby's Dresden Tool. If you've ever wanted to know how to set ANY block on point, this class is for you, with the bonus of using two-color setting triangles. A true optical illusion quilt!

Students will learn:

- Invisible machine appliqué using monofilament thread
- Setting a block on point using two colors for setting triangles as shown

It is assumed students will be able to sew an accurate 1/4" seam, which is a MUST for this circular block! Take time to practice.

BYOF

Kit Fee: \$18, which includes multi-sized 8" acrylic template, well-illustrated patterns for two versions of the quilt, freezer paper and interfacing for center circle. (If you own Darlene Zimmerman's EZ Dresden tool, the pattern fee is only \$10)

Fabric Requirements for quilt as shown:

- 3/4 yard white or light fabrics for block strips and background. NOTE: the block background is the SAME fabric as that in the center block. This gives the illusion of the block floating on the surface.
 - 1 yard red (or other color) for block segments, outer border and binding)
 - 1/2 yard white w/red dots (or your preferred fabric) for setting triangles
 - a spool of monofilament thread for the applique
- **Bring all fabrics to class

Advanced Preparation:

From EACH of the two colors you've selected for the center block, cut:

- Four strips 1-3/4" x wof (four red, four white)
- One 4-1/2" square red fabric (or color of your choice)
- Four squares 10-1/2" x 10-1/2" of the light/white background fabric
