Rigid Finished Art Quilts

The Rigid Finished Art Quilts Exhibit was introduced at the 2023 Quilt Fiesta. It was so popular, it is back in 2024!

Rigid Finished Art Quilts are supported by a frame, stretcher bars or other means, rather than a sleeve. This brings art quilts to a whole new level because when they're stretched onto a rigid frame or matted and put into a decorative frame, it now resembles a fine art piece. The sky is the limit with art quilts!

These quilts are displayed in the Exhibition Hall

New Member Challenge

New members of the Tucson Quilters Guild are given a fabric fat quarter (one-quarter of a yard, approximately 22" x 18") in their New Member Packet, which is used in the challenge quilt in a recognizable way. They are allowed to create whatever suits their fancy!

Vintage Quilts and Their Stories

Enjoy a bed-turning display of antique and vintage quilts from the mid-nineteenth century to mid-twentieth century. During the exhibit, each quilt will be “turned” and held up for viewing while the story of the quilt and its pattern is told. Whether they were lovingly made by an ancestor or purchased at an estate sale or antique shop, they all are treasures and have something to tell us.

Featured Quilters

Linda Coté

Linda started quilting almost 30 years ago when she hand-quilted a baby quilt for a nephew. She moved to pieced quilts after reading various books, while living in Minnesota, working as a textile chemist. Linda went from one science to another in her professional career. She practiced as an RN before her retirement. As with many quilters... with retirement there was more time for quilting!

Over the years, Linda has developed a love for all things quilt-related, including classes from A-list teachers, applique, Australian quilt patterns, Quilt Bees, longarm quilting, making art quilts, Kaffe Collective fabrics, quilt vacations, and her Bernina 570QE. She now lays claim to an extensive collection of cotton, wool, silk, and linen that will outlive her!

Opal Bemis

Opal has been a guild member since its inception. Her guild number is 6! The guild is honored to have her continued involvement.

Like many of our members, Opal started sewing at her grandmother and mothers' sides. Her mother loved sewing and made all of her children's clothes. The joy of sewing rubbed off. Opal started out making clothes for her dolls with scraps. When she had kids she moved on to children's clothing. Her first quilt project was from a kit that made a theme quilt of Noah's Ark. Her quilting expanded from there.

She focused on applique in the 70's and enjoyed making some butterflies in the 80's. After retiring from Hughes/Raytheon more quilting time was available!

Athena Taylor

Athena Taylor is a retired software professional and project manager who has found endless joy in the world of quilting. She brings a unique perspective to the art of quilting. With meticulous attention to detail and an eye for innovation, she has seamlessly blended her technical expertise with the rich traditions of quilting. The result? A captivating tapestry that harmoniously weaves together tradition and modernity. With multiple awards under her belt, she takes immense pride in her quilting.

Her passion doesn't stop there, she believes in paying it forward and sharing her knowledge with others. As an instructor and mentor, she has helped countless aspiring quilters unleash their potential in crafting stunning works, all beautiful and unique.

She is the proud owner of Athena Lynn Quilts, a business dedicated to providing exceptional longarm services doing everything from edge-to-edge digital patterns all the way to intricate custom quilting. She is committed to transforming visions into tangible works of art that will be loved and cherished for generations.
