## Rigid Finished Art Quilts

The Rigid Finished Art Quilts Exhibit was introduced at the 2023 Quilt Fiesta. It was so popular; it is back again in 2025!

Rigid Finished Art Quilts are supported by a frame, stretcher bars or other means, rather than a sleeve. When art quilts are stretched onto a rigid frame or matted and put into a decorative frame, it now resembles a fine art piece. The sky is the limit with art quilts!

**These quilts are in the Exhibition Hall Row 6, Panels 13 and 14**

## Quilting For Others

Tucson Quilters Guild

Our mission is to collect, organize and distribute supplies to our guild members so that they can use their talents and creativity to produce quilt related items. These include (but are not limited to) quilts, pillowcases, holiday gifts as well as specific requests, which are then distributed to meet the needs of our local Tucson community.

# Featured Quilters

## Stephanie Nordlin

Stephanie has been designing clothing since age twelve and quilting since 1972. Over the years her businesses included making children's clothing and custom bridals/formal wear. Stephanie's art has won awards at major shows in nine states. Originally a traditional hand quilter, Stephanie transitioned to surface design incorporating embellishments, non-traditional materials, 3D and machine stitching. She is influenced by travel and personal photos.

## Kate Verbeke

Kate started her quilting "career" in 1976 BRC (before rotary cutters) when she was introduced to her new family in Clarksville, Tennessee. She was captivated by an antique quilt on an aunt's bed, a Grandmother's Flower Garden quilt. As an experienced seamstress and tailor, she thought to herself "I can do that." When she asked her new mother-in-law for instructions, she was told "it must be made from scraps." For those of you who are too young to know, the 1970s was the era of double-knit. Scissors in hand, milk carton cardboard in the other, a quilter was born!

While she was teaching adult education classes, she was hired to teach quilt classes in Garrison and Poughkeepsie, NY. In the late 1980s Mary Ellen Hopkins was the guru of quilt designing and Kate was fortunate to attend all three "It's OK" seminars, as well as seminars held by notable quilters such as Harriet Hargraves, Trudi Hughes and Doreen Speckman.

She established a presence in crafting as Kate's Kountry Kalikoes in the New York, Connecticut and Massachusetts area. Kate did piecework for Brookhill Linens in New York City. This allowed her to develop machine quilting skills on her 1989 Bernina 1130 domestic machine before machine quilting was accepted in the quilting world. Kate was a member of the First Dutchess Quilters in Poughkeepsie NY.

Retirement from 40 years of high school teaching in New York and Pennsylvania brought her to Tucson in 2015. An experienced geologist, avid golfer and health nut, this native Pittsburgh girl loves living in the Sonoran Desert but still makes it a point to cheer on her hometown hockey and baseball teams.

## **Penny Boese**

Penny made her first quilt with her mom when she was in junior high school. She was so proud of her accomplishment, she spread it out on the lawn, took pictures, made multiple copies and sent them to her grandmothers! Several years passed before Penny entered the world of quilting full time. When her first daughter, Hannah, was born, Penny's sister made a quilt for the new baby. That's all it took! Penny left behind the home decoration sewing she had been doing and began quilting. She primarily made baby quilts and small projects in the early years because she had two little ones running around (Laura joined the family a year after Hannah).

Once the girls were older, and with the support of her partner, Tim, Penny became more serious about quilting and purchased a long arm quilting machine, fulfilling her dream to see her quilts from beginning to end and control the quilting process. After quilting several community service quilts, Penny opened A Quilter's Creations and began quilting for clients. She also started entering quilt shows and winning awards, both for her own quilts and those she quilted for clients. She has been recognized nationally as well as locally, and two of her quilts were published in the 2025 AQS event calendar. Penny's quilts have hung in Road to California, the International Quilt Festival in Houston, the Great Wisconsin Quilt Show, and all of the AQS shows. Penny loves the creative process, from designing her quilt patterns to creating digital designs for both her own and client quilts. She sees quilts as the voice of the maker, creating art that reflects moods, statements and, of course, love.

# Judging

**Nancy Fuka**

Nancy started sewing when she was a small child and has been quilting since about 1982. After taking that first quilting class, she just couldn't stop taking more and more classes and making more and more quilts and quilt tops. Nancy says she can't pick a favorite quilt technique or quilting specialty because she loves them all! She is proud to be a National Association of Certified Quilt Judges (NACQJ) and approved instructor for the Introduction to Quilt Judging Seminar. She has judged local, regional, and international quilt shows. She also teaches and lectures on various quilting topics. She says that any day judging, quilting, or even just talking about quilts is "The Best Day Ever!" After quilting for over 40 years, Nancy has accumulated a giant pile of scraps that she has named Mt. Scrapmore. Several years ago she embraced the art of scrap quilting, though it has yet to significantly decrease the size of Mt. Scrapmore. She currently resides near Santa Fe, New Mexico.
